EARLY CONFERENCE CERTIFICATION AND STIPULATION

The parties to this proceeding submit the following Early Conference Certification and Stipulation and agree that, upon the Court's entry of order approving the terms set forth within, all undisputed terms shall govern pretrial proceedings unless altered by the Court.¹

Directions: The Early Conference Certification and Stipulation is to be completed in its entirety and signed by all counsel or unrepresented parties to the within matter. Only one Early Conference Certification and Stipulation is to be submitted per case and shall be filed by the Plaintiff(s) within seven (7) days of the date of the Early Conference of Parties. If the parties cannot agree on any of the following issues, the parties are directed to identify the objecting parties and set forth the basis for said parties' disagreement.² A date for the First Pretrial Conference shall be assigned by the Court upon the filing of this completed form. The Court will address any disputed terms at the First Pre-Trial Conference. Unless amended by the Court, all undisputed terms shall govern pretrial proceedings. Failure to comply with the undisputed terms may result in the imposition of sanctions, monetary and non-monetary, including, without limitation, entry of an order denying the admission of exhibits, testimony of witnesses, or other appropriate sanctions where noncompliance has caused undue delay, expense and/or prejudice. In the event that this matter involves more than two parties, or separate counsel has been retained to represent co-plaintiffs or co-defendants, etc., add additional lines where necessary throughout this document.

¹ The Court will independently review the terms of this document set by the parties and may shorten or extend the proposed deadlines, with or without prior notice.

² If sufficient space is not available under any section herein to set forth all matters, attach a supplemental paper. This document is also available in Word format on the Court's website under Judge Carlota Böhm's Forms.
